Rho (or Robyn)

Hi,

at the moment I would especially love to receive **handmade** cards and colouring cards (please colour in half of it and I'll finish it). But please feel free to send any nice card except for **fish**.

I love to **read** long messages on the back of the card; if you need some ideas:

- share a **recipe** (healthy if possible);
- ask me a **question** to answer in the hurray message;
- tell me a **phrase** from your **language**;
- tell me what your **dream job** was when you were young
- what's your favourite TV/Netflix show?

These are just some ideas to help you, you can write whatever you would like! Or doodle/draw something if you're more comfortable with that.

Here are some types of postcards I like in case you want ideas: Handmade. Leonid Afremov. Quotes/typography. Cards showing a large single letter. Astronomy/**stars**/constellations/space. Rain/**umbrellas**. Autumnal **trees/leaves**. Maps, especially world maps and old maps. Colouring cards. Weird cards.

Notes: Ad/free/handmade are fine. My favourites on my wall are cards I have already received, not a wishlist but don't worry about duplicates. Envelopes or not - either is fine.a

About me:

I'm in my late 20s and live in a small town on the coast in England. I currently work in retail.

My general interests include reading (especially science fiction), watching Netflix, crafts (sewing and quilting), the radio show Cabin Pressure, tabletop games and puzzles, video games (especially Zero Escape, hence my username) and of course postcrossing!

I look forward to hearing from you!
